BUYING A JET?

Talk to us first.

We spot trouble and fix it before it becomes a problem.

Here's what we do:

- Organize your transaction.
- Plan your aircraft operating structure to comply with FAA regulations.
- Consult on tax issues.
- Coordinate your entire team—corporate counsel, flight department, CPA, wealth manager and lenders.
- Assure that your transaction meets international import and export requirements, if needed.
- Help you manage liability and avoid the Flight Department Company Trap.

We believe that the best defense prevents problems before they happen.
